

Phase 1: Pilot Scope And Success Plan

Document type: internal and customer-facing pilot scope worksheet.

Status: draft. Counsel review required before use as contractual language.

Pilot Summary

Field	Value
Pilot name	30-Day Guided Readiness Pilot
Pilot fee	\$750 flat fee
Conversion credit	Credited toward first annual subscription if converted within agreed period
Duration	30 calendar days
Data posture	No-CUI / synthetic, redacted, or non-sensitive data only
Primary owner	Customer to designate
FeDril owner	Founder or implementation lead

In-Scope Workflow

- Select one:
- Contract readiness intake.
 - CMMC readiness tracking.
 - Evidence metadata organization.
 - Subcontractor flow-down readiness.
 - Synthetic demo workflow modeled after the customer's process.

Success Criteria

Success criterion	Evidence of completion
No-CUI boundary confirmed	Customer acknowledges No-CUI posture before upload-related workflows.
Contract or synthetic workflow configured	Contract metadata exists in Contracts.
Clauses attached or reviewed	Attached clauses contains relevant published clauses or review notes.
Obligations reviewed	Obligations work queue contains source-backed obligations for the workflow.
Owner/status tracking configured	Obligation detail shows owner assignment and workflow status.
Evidence metadata linked	Evidence metadata is linked to obligations or controls where applicable.
Report artifact generated	Reports contains Compliance Status, CMMC Readiness, or Evidence Package artifact.
Findings session completed	Customer receives conversion recommendation and next-step decision.

Week-By-Week Plan

Week	Activity	Output
Week 1	Kickoff, No-CUI confirmation, workflow selection	Pilot scope locked

Week	Activity	Output
Week 2	Contract metadata, clause attachment/review, obligation review	Source-backed workflow visible
Week 3	Owner/status updates and evidence metadata setup	Owned readiness workflow
Week 4	Report artifact generation and findings session	Convert, continue, or stop decision

Out Of Scope

- Real CUI.
- Classified information.
- ITAR/export-controlled data.
- Sensitive government-furnished information.
- Credentials, payroll, SSNs, health data, sensitive incident details, or unrestricted security logs.
- Legal advice.
- CMMC certification.
- Assessor determinations.
- Custom integrations.
- GovCloud, FedRAMP, SSO, SCIM, or enterprise procurement support.

End-Of-Pilot Decision

The customer chooses one:

1. Convert to paid subscription.
2. Continue limited discovery by mutual agreement.
3. Stop because the workflow or timing is not a fit.
