

Pricing Page With Founder-Friendly Pilot Option

Document type: customer-facing pricing page draft.

Review requirement: founder, finance, and counsel review required before publication.

Page Hero

Headline

Start with one guided compliance readiness pilot.

Supporting copy

FeDril helps small government contractors replace scattered compliance spreadsheets with a No-CUI workspace for obligations, evidence metadata, ownership, current report artifacts, and audit history.

Recommended First Offer

30-Day Guided Readiness Pilot

Price: \$750 flat pilot fee.

Conversion credit: the \$750 pilot fee is credited toward the first annual subscription if the customer converts within 30 days after pilot completion.

Best for: small government contractors, subcontractors, MSPs, and advisors who want to validate one real readiness workflow using synthetic, redacted, or non-sensitive data.

Pilot Includes

- 30-day guided pilot workspace.
- Company compliance profile setup.
- One contract or synthetic readiness workflow.
- Manual clause attachment and generated obligation review.
- Evidence metadata setup using allowed data.
- Readiness dashboard walkthrough.
- Compliance Status, CMMC Readiness, or Evidence Package generation where applicable.
- End-of-pilot findings session.

Pilot Excludes

- Real CUI upload, processing, storage, or support handling.
- Legal advice, accounting advice, labor determinations, or contracting-officer determinations.
- CMMC certification, assessor determinations, or assessment-success guarantees.
- Custom integrations.
- GovCloud, FedRAMP, SSO, SCIM, or enterprise procurement support.
- Automated clause extraction or unreviewed AI-generated determinations.

Post-Pilot Pricing Hypothesis

These prices are initial market-test prices and should be validated through buyer conversations.

Plan	Price hypothesis	Best fit	Includes
Starter	\$99-\$199/month	Very small contractors starting readiness tracking	Core workspace, obligation tracking, evidence metadata, basic reports
Team	\$299-\$499/month	Contractors with multiple users, contracts, and reports	Starter plus expanded users, workflows, subcontractor tracking, audit history
Advisor	Custom after pilot validation	MSPs, consultants, and advisors supporting multiple customers	Multi-client workflow needs, referral model, advisor packaging

Qualification Requirements

The guided pilot is available only when:

- The customer identifies a named internal owner.
- The workflow can be run with synthetic, redacted, or non-sensitive data.
- The customer accepts the No-CUI pilot boundary.
- The customer agrees to a kickoff call and end-of-pilot findings session.
- The customer understands reports are workflow guidance, not certification or legal advice.

Primary CTA

Request a guided pilot demo.

Secondary CTA

Review the No-CUI policy.

FAQ

Do we pay the customer for the pilot?

No. The customer pays FeDril for the pilot. The pilot fee validates urgency and filters out non-buyers.

Why charge for a pilot?

A paid pilot creates commitment, identifies real purchase intent, and gives both sides a defined success window.

Can the pilot be free?

Only for strategic design partners with clear referral, advisor, testimonial, or distribution value. Free pilots should not be the default.

Can we upload real CUI?

No. The MVP is No-CUI / compliance management only. Use synthetic, redacted, or non-sensitive data.

Does FeDril certify CMMC compliance?

No. FeDril supports readiness workflow tracking and evidence organization. It does not certify compliance or replace assessors, attorneys, advisors, or contracting authorities.

Required Disclaimer

Pricing, pilot scope, and product availability are subject to written agreement. FeDril is a No-CUI compliance management and readiness workflow tool. FeDril does not provide legal advice, accounting advice, labor determinations, CMMC certification, assessment determinations, contracting-officer determinations, or government endorsement.
